Placement Online Q&A Sessions

The University of Louisville Trager Institute (formerly the UofL Institute for Sustainable Health & Optimal Aging) is hosting online informational sessions about our practicum opportunities. We offer a variety of placements for social work students (master-level and undergraduate), as well as for master-level counseling psychology and doctoral-level psychiatric nurse practitioners. The majority of our placements offer stipends or scholarships up to \$10,000. Students do not have to attend the University of Louisville.
